CONVERSION OF ML 37601 TO SLA 408

It has been discovered that ML 37601 was issued on March 10, 1980 in conflict with existing SLA 354. This occurred when the lands were erroneously recorded in our mineral plat books as Land Board lands because we had no record that the lands belonged to Division of Wildlife Resources. In order to remedy this situation, ML 37601 is to be converted to SLA 408 to include only the following tract which is not in lease conflict with SLA 354.

T20S, R5W, SLM	Millard County
Section 22: E $\frac{1}{2}$ SE $\frac{1}{4}$	80.00 acres

It is also recommended that the lessee of record of ML 37601, Marvin Wolf, of Denver, be refunded \$800.00 paid in advance rentals on the lands in lease conflict.

Upon recommendation of Mr. Blake, the Director approved the above conversion.

ACCEPTANCE OF BOND FOR ML's 31076, 31078, 31080, 31082 - COAL

Kingspoint Energy, Inc. has submitted CD #715986 in the amount of \$5,000.00 with the Sumitomo Bank of California as bond on its operations under the above numbered leases. The CD appears in order and upon recommendation of Mr. Blake the bond is accepted in lieu of a surety bond to assure performance under these leases.
